Annual Crime Incidents

Annual Increase or Decrease

Year	Incidents	Change	Percentage Change
2001	485954	First year	N/A
2002	486830	+876	+0.18%
2003	475996	-10,834	-2.23%
2004	469439	-6,557	-1.38%
2005	453785	-15,654	-3.33%
2006	448198	-5,587	-1.23%
2007	437105	-11,093	-2.48%
2008	427211	-9,894	-2.26%
2009	392860	-34,351	-8.04%
2010	370557	-22,303	-5.68%

Crime incidents decreased by 29.11% from 2024 to 2025.

🗺️ Crime Density & Hotspot Mapping

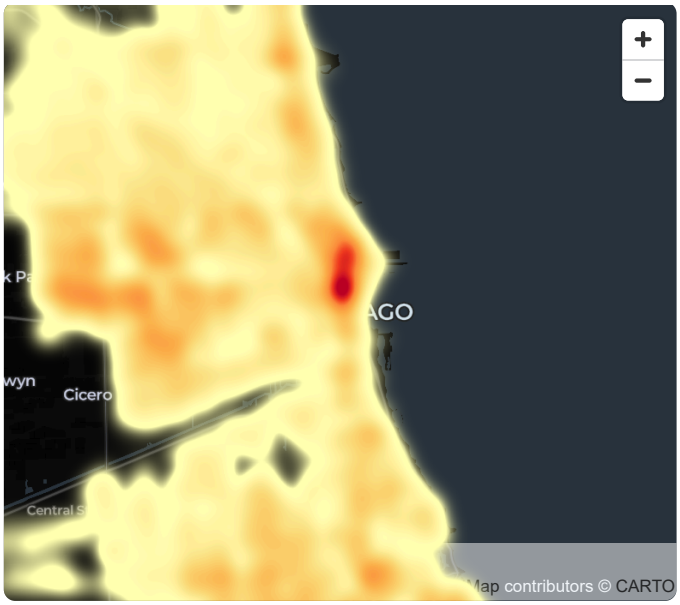

View the concentration of crime incidents and their individual locations side by side. Both maps follow the global filters above.

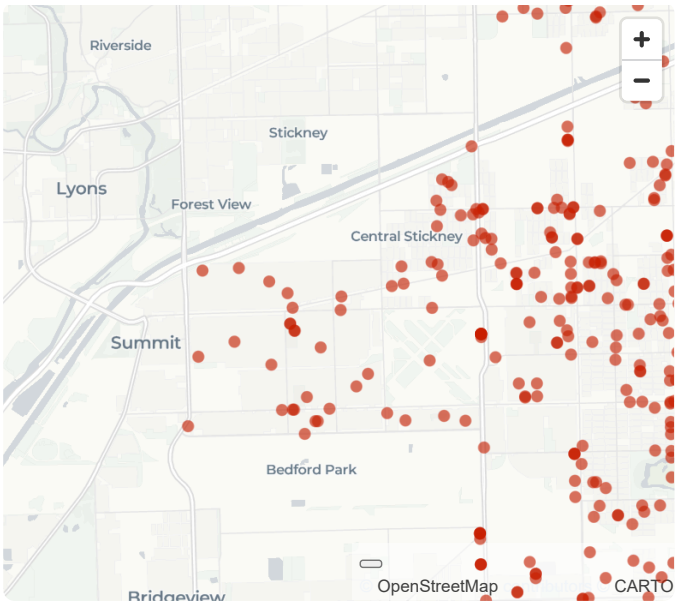

🔥 Crime Density Heatmap

Brighter regions indicate a higher concentration of incidents.

📍 Crime Hotspot Map

Each point represents a recorded crime incident.

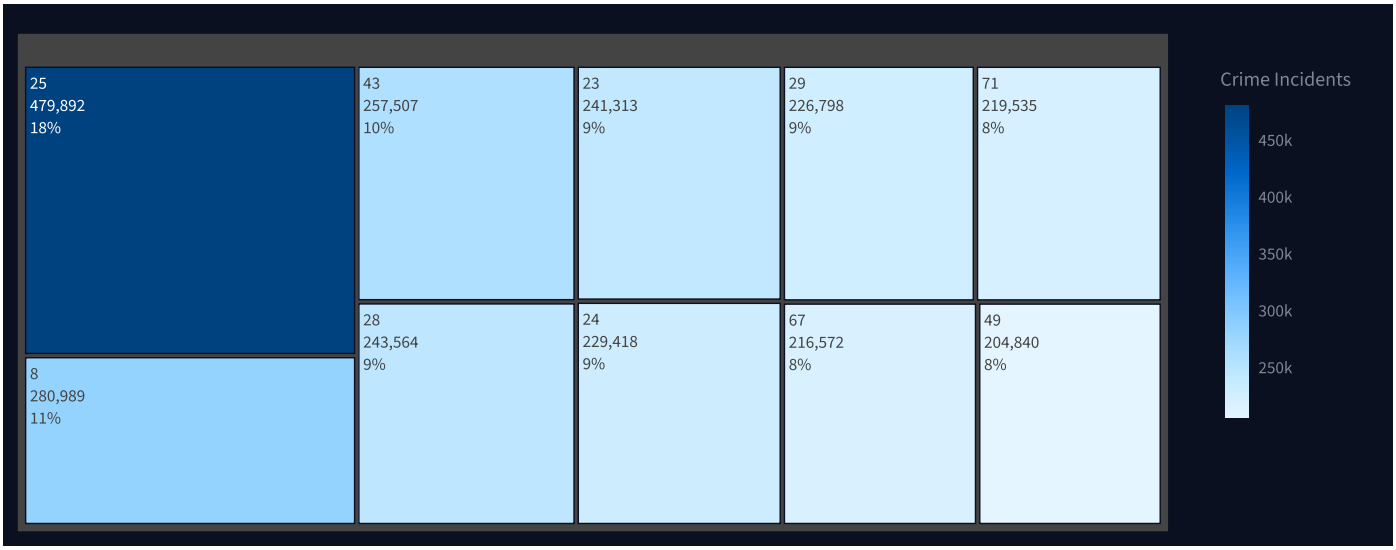

Displaying up to 5,000 individual crime locations.

Geographical Crime Analysis

Compare crime incidents across Chicago community areas.

Top 10 Crime-Affected Community Areas

Community area numbers represent geographical areas within Chicago, not crime district numbers.
